H.E Ith Samheng, Minister of Ministry of Social Affairs, Veterans and Youth Rehabilitation (MoSAVY) Government of Cambodia.

As you all aware that advocacy is one of the tool for successful the fully right and service for our disabled people in Cambodia as well in Asia. On April 3, 2006, Cambodian people heard a very strong commitment from our Government and from our Ministry of social Affair of the future consideration on Disabled People Project. The other hand, those who attended was become our advocator and support in the future; they had distributed information to the public. Disabled people have a fully right to meet the Prime Minister on April 3, 2006 which we wish the country in Asia should having the same relation with government and ask for support, that was the first event in Cambodia, that was the aim of improving the quality of life of people with disability

. because the government and NGOs with disabled people could build a very strong activities and found out sustainability in the future. We appreciated very much to our Samdech Hun Sen, Prime Minister of the Royal Government of Cambodia and Her Excellency whom was with us all the time and supported the project of disabled people.

May we thank for press and media to covered the day and distributed the news to every where. We all cross the fingered for a successful day and a good proclamation from our Government. We thank you very much for those had been helped and supported NCDP, especially our partner.
